Charters of Freedom Sponsorship Booklet

DECLARATION OF INDEPENDENCE ★ UNITED STATES CONSTITUTION ★ BILL OF RIGHTS

"Our hope is that our future leaders will come from communities with their own Charters of Freedom. They will grow up not just talking about the Constitution and Bill of Rights in Washington, but talking about their Constitution and their Bill of Rights, the ones they grew up with, right in their home community. And they will know how government is supposed to work to protect and serve We the People."

Founder, Vance Patterson

Your thoughtful contribution is greatly appreciated and will provide Charters of Freedom settings to communities across this great nation.
